29 Community & Schools	30 Family and Friends	31 Fasting See Notes to the right.	Notes: When a month has 31 days, try a full or partial fast. Get up early and pray throughout the day: dawn, during commute, mealtimes, in place of TV, & at sunset, etc. Focus prayers on a current struggle or life question. Look up verses that apply to your pray focus and let them guide your prayers. Check with doctor to be certain you can fast safely. There are other ways to fast: give up TV, favorite food, some entertainment, or take a vow of silence! Be creative.
